

CITY OF MARLOWE FALLS, OHIO

ORDINANCE NO. 2026-41

As amended in the Safety Committee, October 5, 2026

AN ORDINANCE ESTABLISHING FIRE SAFETY AND EMERGENCY RESPONSE REQUIREMENTS FOR BATTERY ENERGY STORAGE SYSTEMS.

Section 1. Applicability. This ordinance applies to battery energy storage systems with an aggregate energy capacity greater than 600 kWh, other than systems serving a single one- or two-family dwelling.

Section 2. Standards. Systems shall be designed, installed and maintained in accordance with NFPA 855, Standard for the Installation of Stationary Energy Storage Systems, in the edition in effect when the permit application is filed.

Section 3. Emergency response plan. Before a certificate of occupancy is issued, the owner shall submit an emergency response plan approved by the Fire Chief.

Section 4. Annual walkthrough. The owner shall host a site walkthrough with the Marlowe Falls Fire Department once each calendar year.

Section 5. Signs and contacts. A 24-hour emergency contact number shall be posted at each entrance to the site.

Section 6. Effective date. This ordinance takes effect at the earliest date allowed by law.

Safety Committee amendments, October 5, 2026

1. Section 1: threshold raised from 50 kWh to 600 kWh.
2. Section 4: walkthrough changed from twice each year to once each calendar year.

First reading: September 21, 2026. Second reading: October 19, 2026.
